ADELY Inauguration

Paris, March 16, 2017

## ADELY – Carré de Soie Inauguration of the new The Adecco Group France headquarters

**On Friday, March 10, 2017 at 11.30 a.m., the new The Adecco Group France headquarters was officially inaugurated in the heart of the Carré de Soie district in Lyon, France. This inauguration took place in the presence of Gérard Collomb, Senator-Mayor of Lyon - Chairman of Lyon Métropole, Jean-Paul Bret - Mayor of Villeurbanne, Christophe Catoir - Chairman of The Adecco Group France, Renaud Haberkorn - Chairman of the Executive Board of ANF Immobilier and Didier Caudard-Breille - Founder and Chairman of DCB International.**

### **A new high-quality headquarters for the leader in human resources solutions**

An ANF Immobilier, Crédit Agricole Assurances and DCB Partners investment, developed by DCB International and designed by the firm of architects, Sagittaire Architecte Associés, Adely is above all a natural building. Comprising three linked buildings, with two to four floors and two basement floors, Adely has housed over 900 employees of The Adecco Group France since January 2017. A historically Lyon-based company, this new environment is part of its desire to offer a more modern quality of life, combining comfort and wellbeing at work. All the Group's Lyon-based support services, as well as the subsidiaries with their headquarters in Lyon (Adecco DO Est Sud, Adecco Medical, Adecco PME, Adecco Onsite, Adecco Training and Spring), are now brought together on this site.

### **A contemporary and sustainable program in the heart of the Carré de Soie**

Located in Rue Legay, Villeurbanne, in the heart of the Carré de Soie, Adely enables The Adecco Group France employees to take advantage of a resolutely contemporary and sustainable working environment, offering superb work spaces for employees, within a large one and a quarter acre landscaped park. Anchored in the heart of the 4<sup>th</sup> business district in the Lyon metropolis, Adely has resolutely contemporary architecture, with plenty of room for plants and nature. It is currently in the process of acquiring the international BREEAM Very Good certification (compliance with RT 2012), a world benchmark for sustainable construction. The buildings were constructed with a high-performance thermal envelope, comprising reinforced exterior insulation and an innovative cladding over the load-bearing concrete structure. The façades and terraces have also been treated with Néolife, an ecological material made of French wood sawdust and only using organic binders.

At this inauguration, Gérard Collomb highlighted the high architectural quality of Adely and "welcomed its installation in the heart of the Carré de Soie, a strategic district for the Lyon metropolis. The presence of The Adecco Group France is a strong sign of the Carré de Soie's ability to attract dynamic, high-performance companies - companies that have immediately understood the qualities and potential of this region which has particularly efficient transport infrastructure in an urban setting with exceptional living and working conditions".

Key figures for Adely

- 13,275m<sup>2</sup> of usable surface area
- 5,000m<sup>2</sup> of landscaping
- Over 900 employees
- 3 linked buildings of 4, 3 and 2 levels
- 254 parking spaces (248 in underground car parks, and 6 above ground)
- Start of construction: March 2015
- Delivery: September 2016
- Team move: January 2017
