This document constitutes a prospectus (the **Prospectus**) for the purposes of Article 5.3 of Directive 2003/71/EC of the European Parliament and of the Council dated 4 November 2003, as amended (which includes the amendments made by Directive 2010/73/EC of the European Parliament and of the Council dated 24 November 2010) (the **Prospectus Directive**). Application has been made to the *Autorité des marchés financiers* (**AMF**) for approval of this Prospectus in its capacity as competent authority pursuant to Article 212-2 of its *Règlement Général* which implements the Prospectus Directive.

The €500,000,000 2.25 per cent. Notes due 16 April 2021 (the **Notes**) of Icade (the **Issuer** or **Icade**) will be issued outside the Republic of France on 16 April 2014 (the **Issue Date**).

Interest on the Notes will accrue at the rate of 2.25 per cent. *per annum* from, and including, the Issue Date and will be payable in Euro annually in arrears on 16 April in each year, commencing on 16 April 2015. Payments of principal and interest on the Notes will be made without deduction for or on account of taxes of the Republic of France (See “Terms and Conditions of the Notes – Taxation”).

Unless previously purchased and cancelled in accordance with the terms and conditions of the Notes, the Notes will be redeemed at par on 16 April 2021 (the **Maturity Date**). The Notes may, and in certain circumstances shall, be redeemed, in whole but not in part, at their principal amount together with accrued interest in the event that certain French taxes are imposed (See “Terms and Conditions of the Notes – Redemption and Purchase”).

If a Change of Control occurs, each Noteholder (as defined in “Terms and Conditions of the Notes”) will have the option to require the Issuer to redeem or procure the purchase of all or part of the Notes held by such Noteholder at their principal amount together with interest accrued all as defined and more fully described in “Terms and Conditions of the Notes – Redemption and Purchase – Redemption at the option of Noteholders following a Change of Control”.

The Issuer may, at its option (i) from and including 16 January 2021 to but excluding the Maturity Date, redeem the Notes outstanding on any such date, in whole or in part, at par plus accrued interest, in accordance with the provisions set out in “Terms and Conditions of the Notes – Pre-Maturity Call option” and (ii) redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date, in accordance with the provisions set out in “Terms and Conditions of the Notes – Make Whole Redemption by the Issuer”.

Application has been made to Euronext Paris S.A. (**Euronext Paris**) for the Notes to be admitted to trading as of their Issue Date on the regulated market of Euronext Paris. Euronext Paris is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC of the European Parliament and of the Council dated 21 April 2004, as amended.

The Notes will upon issue on the Issue Date, be inscribed (*inscription en compte*) in the books of Euroclear France which shall credit the accounts of the Account Holders (as defined in “Terms and Conditions of the Notes – Form, Denomination and Title”) including Euroclear Bank S.A./N.V. (**Euroclear**) and the depositary bank for Clearstream Banking, *société anonyme* (**Clearstream, Luxembourg**). The Notes have been accepted for clearance through Euroclear France, Euroclear and Clearstream, Luxembourg.

The Notes will be issued in dematerialised bearer form (*au porteur*) in the denomination of €100,000 each. Title to the Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* by book-entries (*inscription en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Notes.

The Notes have been rated BBB+ by Standard & Poor’s Rating Services, a division of the McGraw-Hill Companies, Inc. (**S&P**). The long-term debt of the Issuer has been rated BBB+ by S&P. S&P is established in the European Union and is registered under Regulation (EC) No. 1060/2009 of the European Parliament and of the Council on credit rating agencies dated 16 September 2009 as amended (the **CRA Regulation**). As such, S&P is included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (www.esma.europa.eu/page/List-registered-and-certified-CRAs) in accordance with the CRA regulation. RISK FACTORS

The following are certain risk factors of the offering of the Notes of which prospective investors should be aware. The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes are also described below. The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should make their own independent evaluations of all risk factors and should also read the detailed information set out elsewhere in this Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

The terms defined in "Terms and Conditions of the Notes" shall have the same meaning when used below.

1. Risks related to the Issuer and its business

The risks relating to the Issuer and its business are set out on pages 89 to 90 and 242 to 250 in the Legal and Financial Specification (*Rapport financier et juridique*) part of the 2013 Registration Document (as defined in Section "Documents incorporated by Reference").

2. Risks related to the Notes

2.1 General risks relating to the Notes

The Notes may not be a suitable investment for all investors

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the potential investor's currency or where the currency for principal or interest payments is different from the currency in which such potential investor's financial activities are principally denominated;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Independent Review and Advice

Each prospective investor in the Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment

policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes. A prospective investor may not rely on the Issuer or the Joint Lead Managers or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Credit risk

The value of the Notes will also depend on the credit worthiness of the Issuer. If the credit worthiness of the Issuer deteriorates, the value of the Notes may decrease and investors may lose all or part of their investment.

The Notes may be redeemed prior to maturity

In the event that the Issuer would be obliged to pay additional amounts payable in respect of any Notes due to any withholding as provided in Condition 5(b) of the Terms and Conditions of the Notes, the Issuer may redeem all outstanding Notes in accordance with such Condition.

In addition, the Issuer may, at its option (i) from and including 16 January 2021 to but excluding the Maturity Date, redeem the Notes outstanding on any such date, in whole or in part, at par plus accrued interest, as provided in Condition 5(e) of the Terms and Conditions of the Notes and (ii) redeem, in whole or in part, the then outstanding Notes at any time prior to the Maturity Date, at the relevant make whole redemption amount, as provided in Condition 5(d) of the Terms and Conditions of the Notes.

The Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

Change of Control - Put option

In the event of a Change of Control of the Issuer (as more fully described in "Terms and Conditions of the Notes - Redemption at the option of the Noteholders following a Change of Control"), each Noteholder will have the right to request the Issuer to redeem or procure the purchase of all or part of its Notes at their principal amount together with any accrued interest. In such case, any trading market in respect of those Notes in respect of which such redemption right is not exercised may become illiquid. In addition, investors may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Notes.

A Noteholder's actual yield on the Notes may be reduced from the stated yield by transaction costs

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the security. These incidental costs may significantly reduce or even exclude the profit potential of the Notes. For instance, credit institutions as a rule charge their clients for own commissions which are either fixed minimum commissions or pro-rata commissions depending on the order value. To the extent that additional – domestic or foreign – parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, Noteholders must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs). In addition to such costs directly related to the purchase of securities (direct costs), Noteholders must also take into account any follow-up costs (such as custody fees). Investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

Modification of the Terms and Conditions of the Notes and waiver

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including

Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

French insolvency law

Under French insolvency law, notwithstanding anything to the contrary, holders of debt securities (*obligations*) are automatically grouped into a single assembly of holders (the **Assembly**) in order to defend their common interests if a safeguard procedure (*procédure de sauvegarde, procédure de sauvegarde accélérée* (as from 1st July 2014) or *procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer. The Assembly will comprise all holders of debt securities (*obligations*) issued by the Issuer (including the Notes) regardless of their governing law. The Assembly will deliberate on the proposed safeguard plan (*projet de plan de sauvegarde, projet de plan de sauvegarde accélérée* or *projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) prepared in relation to the Issuer and may further agree to:

- increase the liabilities (*charges*) of such holders of debt securities (including the Noteholders) by rescheduling payments which are due and/or partially or totally writing off debts of the Issuer;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the amount of debt securities held by the holders expressing a vote). No quorum is required to convoke the Assembly. The holders whose rights are not modified by the proposed plan do not participate in the vote.

The procedures, as described above or as they will or may be amended, could have an adverse impact on holders of the Notes seeking repayment in the event that the Issuer were to become insolvent.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in this Prospectus in Condition 9 of the Terms and Conditions of the Notes will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. Further, a Noteholder's effective yield on the Notes may be diminished by the tax impact on that Noteholder of its investment in the Notes.

Potential investors are advised not to rely upon the tax summary contained in this Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of each potential investor. This investment consideration has to be read in connection with the taxation sections of this Prospectus.

Each prospective investor should consult its own advisers as to legal, tax and related aspects of an investment in the Notes.

EU Savings Directive

On 3 June 2003, the Council of the European Union adopted a directive 2003/48/EC regarding the taxation of savings income in the form of interest payments (the **Savings Directive**). The Savings Directive requires Member States, subject to a number of conditions being met, to provide to the tax authorities of other Member States details of payments of interest and other similar income made by a paying agent located within their jurisdiction to, or for the benefit of, an individual resident in that other Member State (or certain limited types

of entities established in that other Member State), except that, for a transitional period, Luxembourg and Austria will instead impose a withholding system in relation to such payments (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of such payment may request that no tax be withheld and authorise the paying agent to disclose the above information) unless during such period they elect otherwise. A number of third countries and territories have adopted similar measures to the Savings Directive. The current Luxembourg government has announced its intention to elect out of the withholding system in favour of automatic exchange of information with effect from 1 January 2015.

On 24 March 2014, the Council of the European Union adopted an EU Council Directive amending and broadening the scope of the requirements described above. In particular, the changes expand the range of payments covered by the Savings Directive to include certain additional types of income, and widen the range of recipients payments to whom are covered by the Savings Directive, to include certain other types of entity and legal arrangement. Member States are required to implement national legislation giving effect to these changes by 1 January 2016 (which national legislation must apply from 1 January 2017).

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax.

Transactions on the Notes could be subject to the European financial transaction tax, if adopted

The European Commission has published a proposal for a Directive for a common financial transaction tax (FTT) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances, at a rate of at least 0.1% on all such transactions, generally determined by reference to the amount of consideration paid.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the effective timing of which remains unpredictable. Additional EU Member States may decide to participate. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

If the proposed directive or any similar tax is adopted, transactions on the Notes would be subject to higher costs, and the liquidity of the market for the Notes may be diminished.

2.2 Risks relating to the market generally

Market value of the Notes

The market value of the Notes will be influenced by the creditworthiness of the Issuer and a number of additional factors, including, but not limited to, market interest and yield rates and the time remaining to the maturity date. The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a holder of Notes will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

An active trading market for the Notes may not develop (liquidity risk)

There can be no assurance that an active trading market for the Notes will develop or, if one does develop, that it will be maintained. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected. Therefore, investors may not be able to sell their Notes in the secondary market in which case the market or trading price and liquidity may be adversely affected or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in Euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than Euro. These include the risk that exchange rates may change significantly (including changes due to devaluation of Euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Euro would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

The Notes bearing interest at a fixed rate, investment in the Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Notes.

Credit Ratings may not reflect all risks

The Notes have been rated BBB+ by S&P. The rating assigned by S&P to the Notes may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by S&P at any time. A revision, suspension or withdrawal of a rating may adversely affect the market price of the Notes.

The period commencing on, and including, the Interest Commencement Date and ending on, but excluding, the first Interest Payment Date and each successive period commencing on, and including, an Interest Payment Date and ending on, but excluding, the next succeeding Interest Payment Date is called an **Interest Period**.

Notes will cease to bear interest from the date provided for their redemption, unless the Issuer defaults in making due provision for their redemption on said date. In such event, the Notes will continue to bear interest in accordance with this Condition (as well after as before judgment) on the principal amount of such Notes until whichever is the earlier of (i) the day on which all sums due in respect of such Notes up to that day are received by or on behalf of the relevant holder and (ii) the day after the Fiscal Agent has notified the holders of the Notes (the **Noteholders**) in accordance with Condition 10 of receipt of all sums due in respect of all the Notes up to that day.

Interest will be calculated on an Actual/Actual (ICMA) basis. Where interest is to be calculated in respect of a period of less than one (1) year, it shall be calculated on the basis of the number of days elapsed in the relevant period, from and including the date from which interest begins to accrue to but excluding the date on which it falls due, divided by the number of days in such period in which the relevant period falls (including the first but excluding the last day of such period).

5. Redemption and Purchase

The Notes may not be redeemed otherwise than in accordance with this Condition 5.

(a) *Final Redemption*

Unless previously redeemed or purchased and cancelled as provided below, the Notes will be redeemed by the Issuer at their principal amount on 16 April 2021.

(b) *Redemption for Taxation Reasons*

- (i) If, by reason of a change in French law or regulation, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified in Condition 7 below, the Issuer may on any Interest Payment Date, subject to having given not more than sixty (60) nor less than thirty (30) days' prior notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 10, redeem all, but not some only, of the outstanding Notes at their principal amount plus any interest accrued to the date fixed for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable Interest Payment Date on which the Issuer could make payment of principal and interest without withholding for French taxes.
- (ii) If the Issuer would on the occasion of the next payment in respect of the Notes be prevented by French law from making payment to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 7 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven (7) days' prior notice to the Noteholders in accordance with Condition 10 redeem all, but not some only, of the Notes then outstanding at their principal amount plus any accrued interest on the latest practicable date on which the Issuer could make payment of the full amount payable in respect of the Notes without withholding for French taxes, or, if such date is past, as soon as practicable thereafter.

(c) *Redemption at the option of Noteholders following a Change of Control*

If at any time while any Note remains outstanding (i) a Change of Control occurs and (ii) within the Change of Control Period, (i) (if at the time of the Change of Control the Issuer and/or the Notes outstanding have a rating from a Rating Agency) a Rating Downgrade occurs or has occurred as a result of such Change of Control or (ii) (if at the time of the Change of Control the Issuer and/or the Notes outstanding do not have a rating from a Rating Agency) a Negative Rating Event in respect of that Change of Control occurs (such Change of Control and Rating Downgrade or Negative Rating Event, as the case may be, occurring within the Change of Control Period together called a **Put Event**), each Noteholder will have the option (the **Change of Control Put Option**) (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives notice of its intention to redeem the Notes under Condition 5) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of that Note, on the Optional Redemption Date (as defined below). Each Note shall be redeemed or purchased at its principal amount together with (or, where purchased, together with an amount equal to) accrued interest to (but excluding) the Optional Redemption Date.

A **Change of Control** shall be deemed to have occurred each time that (i) any person or persons acting in concert (the **Relevant Person**) (other than the Caisse des Dépôts et Consignations and / or any company or other legal entity which are controlled by the Caisse des Dépôts et Consignations within the meaning of Article L.233-3 of the French *Code de commerce*) come(s) to own, directly or indirectly, more than one third of the share capital or voting rights normally exercisable at a general meeting of the Issuer or (ii) the Caisse des Dépôts et Consignations and / or any company or other legal entity which are controlled, directly or indirectly, by the Caisse des Dépôts et Consignations within the meaning of Article L.233-3 of the French Code de commerce cease(s) to own more than one third of the share capital and voting rights normally exercisable at a general meeting of the Issuer.

Change of Control Period means the period commencing one hundred twenty (120) days prior to the date of the first public announcement of the result (*avis de résultat*) by the *Autorité des marchés financiers* (**AMF**) of the relevant Change of Control and ending on the date which is one hundred eighty (180) days thereafter.

Negative Rating Event shall be deemed to have occurred if the Notes have no credit rating and no Rating Agency assigns an investment grade rating to the Notes within the Change of Control Period, provided that the Rating Agency (A) announces or publicly confirms or, (B) having been so requested by the Issuer, informs the Issuer or the Fiscal Agent in writing that its declining to assign such rating was the result, in whole or in part, of the applicable Change of Control (whether or not the Change of Control shall have occurred at the time such rating is declined).

Rating Agency means any of the following: (a) Standard & Poor's Rating Services, a division of the McGraw-Hill Companies, Inc.; or (b) any other rating agency of equivalent international standing established in the European Union and registered under Regulation (EC) No. 1060/2009 as amended and requested from time to time by the Issuer to grant a rating and, in each case, their respective successors or affiliates.

A **Rating Downgrade** shall be deemed to have occurred in respect of a Change of Control if within the Change of Control Period:

(A) the rating previously assigned to the Notes or to the Issuer by any Rating Agency is (x) withdrawn or (y) changed from an investment grade rating (BBB-, or its equivalent for the time being, or better) to a non-investment grade rating (BB+, or its equivalent for the time being, or worse); and

(B) such rating is not within the Change of Control Period subsequently upgraded (in the case of a downgrade) or reinstated (in the case of a withdrawal) either to an investment grade credit rating (in the case of (y)) or to its earlier credit rating or better (in the case of (x)) by such Rating Agency;

provided however that a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed to have occurred in respect of a particular Change of Control only if (i) the Rating Agency making the relevant decision referred to above publicly announces or publicly confirms that

such decision was the result, in whole or in part, of the Change of Control or (ii) the Rating Agency making the relevant decision referred to above has confirmed in a letter or other form of written communication sent to the Issuer and publicly disclosed that such decision was the result, in whole or in part, of the Change of Control, and provided further that if the Notes are rated by more than one Rating Agency, a Rating Downgrade shall be deemed not to have occurred in respect of a particular Put Event if only one Rating Agency has withdrawn or lowered its rating.

Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall give notice (a **Put Event Notice**) to the Fiscal Agent and to the Noteholders in accordance with Condition 10 specifying the nature of the Put Event, the circumstances giving rise to it and the procedure for exercising the Change of Control Put Option contained in this section.

To exercise the Change of Control Put Option to require redemption or, as the case may be, purchase of a Note under this section, a Noteholder must transfer (or cause to be transferred by its Account Holder) its Notes to be so redeemed or purchased to the account of the Fiscal Agent (details of which are specified in the Put Option Notice) for the account of the Issuer within the period of forty-five (45) days after the Put Event Notice is given (the **Put Period**), together with a duly signed and completed notice of exercise in the form obtainable from the specified office of the Fiscal Agent or the Paying Agent (a **Put Option Notice**) and in which the Noteholder shall specify a bank account denominated in euro to which payment is to be made under this Condition.

A Put Option Notice once given shall be irrevocable.

The Issuer shall redeem or, at the option of the Issuer, procure the purchase of, the Notes in respect of which the Change of Control Put Option has been validly exercised as provided above, and subject to the transfer of such Notes to the accounts of the Fiscal Agent for the account of the Issuer as described above on the date which is the fifth (5th) Business Day following the end of the Put Period (the **Optional Redemption Date**). Payment in respect of any Note so transferred will be made via the relevant Account Holders on the Optional Redemption Date in Euro to the Euro-denominated bank account specified by the Noteholder in the Put Option Notice.

For the avoidance of doubt, no additional amount shall be payable by the Issuer to a Noteholder as a result of or in connection with such Noteholder's exercise of, or otherwise in connection with, any Put Option (whether as a result of any purchase or redemption arising therefrom or otherwise).

(d) *Make Whole Redemption by the Issuer*

The Issuer will, subject to compliance by the Issuer with all relevant laws, regulations and directives and having given not less than thirty (30) nor more than forty-five (45) calendar days' notice in accordance with Condition 10 to the Noteholders (which notice shall be irrevocable), have the option to redeem the Notes, in whole or in part, at any time prior to their Maturity Date (the **Optional Make Whole Redemption Date**) at their **Optional Redemption Amount** (as defined below) together with any accrued and unpaid interest up to, but excluding, the Optional Make Whole Redemption Date and any Additional Amounts.

The Optional Redemption Amount will be calculated by the Calculation Agent and will be an amount in Euro rounded to the nearest cent (half a cent being rounded upwards) being the greater of (x) one hundred (100) per cent. of the Principal Amount (as defined below) of the Notes so redeemed and, (y) the sum of the then present values on the Optional Make Whole Redemption Date of (i) the Principal Amount (as defined below) of the Notes and (ii) of the remaining scheduled payments of interest on such Note for the remaining term of such Note (determined on the basis of the interest rate applicable to such Note from but excluding the Optional Make Whole Redemption Date), discounted to the Optional Make Whole Redemption Date on an annual basis (Actual / Actual ICMA) at the Early Redemption Rate plus an Early Redemption Margin.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final

and binding upon all parties. The Calculation Agent shall act as an independent expert and not as agent for the Issuer or the Noteholders.

Early Redemption Margin means + 0.20 per cent. *per annum*.

Early Redemption Rate means the average of the four quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Benchmark Security on the fourth (4th) business day in Paris preceding the Optional Make Whole Redemption Date at 11.00 a.m. (Central European time (CET)).

If the Reference Benchmark Security is no longer outstanding, a Similar Security will be chosen by the Calculation Agent after prior consultation with the Issuer if practicable under the circumstances, at 11.00 a.m. (Central European time (CET)) on the fourth (4th) business day in Paris preceding the Optional Make Whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer.

Principal Amount means €100,000.

Reference Benchmark Security means the German government bond (bearing interest at a rate of 2.50 per cent. *per annum* and maturing on 4 January 2021 with ISIN DE0001135424.

Similar Security means a reference bond or reference bonds issued by the German Government having an actual or interpolated maturity comparable with the remaining term of the Notes that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

(e) *Pre-Maturity Call Option*

The Issuer may, at its option, from and including 16 January 2021 to but excluding the Maturity Date, subject to having given not more than sixty (60) nor less than thirty (30) calendar days prior notice to the Noteholders in accordance with Condition 10 (which notice shall be irrevocable), redeem the outstanding Notes, in whole or in part, at their Principal Amount plus accrued interest up to but excluding the date fixed for redemption.

(f) *Purchases*

The Issuer may at any time purchase Notes together with rights to interest relating thereto in the open market or otherwise (including by way of tender offer) at any price and on any condition, subject to compliance with any applicable laws. Notes so purchased by the Issuer may be held and resold in accordance with Articles L.213-1A and D.213-1 A of the French *Code monétaire et financier* for the purpose of enhancing the liquidity of the Notes.

(g) *Cancellation*

All Notes which are redeemed pursuant to paragraphs (a), (b)(i), (b)(ii), (c), (d), (e) or purchased for cancellation pursuant to paragraph (f) of this Condition will forthwith be cancelled and accordingly may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

No commission or expenses shall be charged to the Noteholders in respect of such payments.

(b) *Payments on Business Days*

- (d) if the Issuer is wound up or dissolved or ceases to carry on all or substantially all of its business except (i) in connection with a merger or spin-off (including *fusion-scission*), consolidation, amalgamation or other form of reorganisation pursuant to which the surviving entity shall be the transferee or successor to all or substantially all of the business of the Issuer and assumes all of the obligations of the Issuer with respect to the Notes or (ii) on such other terms approved by a resolution of the general meeting of the Noteholders; or

9. Representation of the Noteholders

Noteholders will be grouped automatically for the defence of their common interests in a masse (the **Masse**). The Masse will be governed by the provisions of the French *Code de commerce*, and with the exception of Articles L.228-48, L.228-59, R.228-63, R.228-67 and R.228-69 subject to the following provisions:

- (a) **Legal Personality:** The Masse will be a separate legal entity and will act in part through a representative (the **Representative**) and in part through a general meeting of the Noteholders (the **General Meeting**).

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

- (b) **Representative:** The office of the Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:
 - (i) the Issuer, the members of its Board of Directors (*conseil d’administration*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or
 - (ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors (*Conseil d’administration*), Management Board (*Directoire*) or Supervisory Board (*Conseil de surveillance*), their statutory auditors, or employees as well as their ascendants, descendants and spouses; or
 - (iii) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
 - (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The following person is designated as initial Representative of the Masse:

Sylvain THOMAZO
20, rue Victor Bart
78000 Versailles
France

The following person is designated as alternate Representative of the Masse:

Sandrine D'HAUSSY
69, avenue Gambetta
94100 Saint Maur des Fossés
France

The Issuer shall pay to the Representative of the Masse an amount equal to EUR 600 *per annum*, payable annually on 16 April in each year, commencing on 16 April 2015, up to and including 16 April 2021.

In the event of dissolution, death, retirement or revocation of appointment of the initial Representative, such Representative will be replaced by the alternate Representative.

- (c) **Powers of the Representative:** The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer.

- (d) **General Meeting:** A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed agenda for such General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place, agenda and quorum requirements of any General Meeting will be published as provided under Condition 10 not less than fifteen (15) days prior to the date of such General Meeting on first convocation and six (6) days on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy, correspondence, or, if the *statuts* of the Issuer so specify, videoconference or any other means of telecommunications allowing the identification of the participating Noteholders. Each Note carries the right to one vote.

- (e) **Powers of the General Meetings:** The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) to Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes then outstanding. On second

convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder on the third (3rd) business day in Paris preceding the date set for the meeting of the relevant General Meeting at 0:00, Paris time.

- (f) **Information to Noteholders:** Each Noteholder or Representative thereof will have the right, during the fifteen-day (15) period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of the Paying Agent and at any other place specified in the notice of the General Meeting.
- (g) **Expenses:** The Issuer will pay all reasonable expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.
- (h) **Notice of Decisions:** Decisions of the meetings shall be published in accordance with the provisions set out in Condition 10 not more than ninety (90) days from the date thereof.

10. Notices

Any notice to the Noteholders will be valid if delivered to the Noteholders through Euroclear France, Euroclear or Clearstream, Luxembourg, for so long as the Notes are cleared through such clearing systems and published on the website of the Issuer (www.icade.fr); and so long as the Notes are admitted to trading on Euronext Paris and the rules of Euronext Paris so require, on the website of Euronext Paris (www.euronext.com). Any such notice shall be deemed to have been given on the date of such delivery or, if delivered more than once or on different dates, on the first date on which such delivery is made.

In addition to the above, with respect to notices for a General Assembly, any convening notice for such assembly shall be published in accordance with applicable provisions of the French *Code de commerce*.

11. Prescription

Claims against the Issuer for the payment of principal and interest in respect of the Notes shall become prescribed ten (10) years (in the case of principal) and five (5) years from the due date for payment thereof.

12. Further Issues

The Issuer may, from time to time without the consent of the Noteholders, issue further notes to be assimilated (*assimilables*) with the Notes as regards their financial service, provided that such further notes and the Notes shall carry rights identical in all respects (or in all respects except for the first payment of interest thereon) and that the terms of such further notes shall provide for such assimilation. In the event of such assimilation, the Noteholders and the holders of any assimilated notes will, for the defence of their common interests, be grouped in a single Masse having legal personality.

RECENT DEVELOPMENTS

Press release

The following press release has been published by the Issuer:

Paris, 20 March 2014

Icade further improves its financing conditions

Continuing the dynamic management of its liabilities, Icade has improved the terms of a significant share of its bank debt.

Icade has negotiated:

- a one-year extension to the initial maturity of the term loan (500 million euros) concluded in 2012 and a substitution of the forward start (375 million euros), concluded in 2012 as well, for a refinancing credit line with an average maturity extended by four months;
- new reduced financial conditions on those two lines, generating 13 million euros in savings on interest expenses up to 2017.

In accordance with its proactive financial policy, this has allowed Icade to smooth its debt repayment schedule and pursue the reduction in its average cost of debt by 10 basis points in 2014.

The banking partners supporting Icade with this operation are BECM (Crédit Mutuel-CIC Group), BNP Paribas, Crédit Agricole Corporate & Investment Bank, Crédit du Nord, HSBC France, Lloyds Bank plc, Natixis and Société Générale.

Share capital

As at 31 March 2014, the share capital of Icade amounts to € 112,694,879.43 representing a total of 73,932,891 shares.

TAXATION

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is subject to any change in law that may take effect after such date.

EU Savings Directive

On 3 June 2003, the Council of the European Union adopted Directive 2003/48/EC on the taxation of savings income (the **Savings Directive**). Pursuant to the Savings Directive, Member States are required, since 1 July 2005, to provide to the tax authorities of another Member State, *inter alia*, details of payments of interest within the meaning of the Savings Directive (interest, premium or other debt income) made by a paying agent located within their jurisdiction to, or for the benefit of, an individual resident in that other Member State or to certain limited types of entities established in that other Member State (the **Disclosure of Information Method**).

For these purposes, the term "paying agent" is defined widely and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Savings Directive, for the immediate benefit of individuals or certain entities.

However, throughout a transitional period, certain Member States (Luxembourg and Austria), instead of using the Disclosure of Information Method used by other Member States, unless during such period they elect otherwise, withhold an amount on interest payments. The beneficial owner of the interest payment may, on meeting certain conditions, request that no tax be withheld and elect instead for the Disclosure of Information Method. The rate of such withholding tax equals 35% until the end of the transitional period.

Such transitional period is to terminate at the end of the first full fiscal year following the later of (i) the date of entry into force of an agreement between the European Community, following a unanimous decision of the Council, and the last of Switzerland, Liechtenstein, San Marino, Monaco and Andorra, providing for the exchange of information upon request as defined in the OECD Model Agreement on Exchange of Information on Tax Matters released on 18 April 2002 (the **OECD Model Agreement**) with respect to interest payments within the meaning of the Savings Directive, in addition to the simultaneous application by those same countries of a withholding tax on such payments at the rate applicable for the corresponding periods mentioned above and (ii) the date on which the Council unanimously agrees that the United States of America is committed to exchange of information upon request as defined in the OECD Model Agreement with respect to interest payments within the meaning of the Savings Directive. The current Luxembourg government has announced its intention to elect out of the withholding system in favour of automatic exchange of information with effect from 1 January 2015.

A number of non-EU countries and dependent or associated territories have agreed to adopt similar measures (transitional withholding or exchange of information) with effect since 1 July 2005.

On 24 March 2014, the Council of the European Union adopted an EU Council Directive amending and broadening the scope of the requirements described above. In particular, the changes expand the range of payments covered by the Savings Directive to include certain additional types of income, and widen the range of recipients payments to whom are covered by the Savings Directive, to include certain other types of entity and legal arrangement. Member States are required to implement national legislation giving effect to these changes by 1 January 2016 (which national legislation must apply from 1 January 2017).

France

Withholding Tax

The following is an overview of certain withholding tax considerations that may be relevant to holders of the Notes who do not concurrently hold shares of the Issuer and are not otherwise affiliated with the Issuer within

the meaning of Article 39, 12 of the French Code général des impôts. Persons who are in doubt as to their tax position should consult a professional tax adviser.

Following the introduction of the French *loi de finances rectificative pour 2009 n°3* (n°2009-1674 dated 30 December 2009) (the **Law**), payments of interest and other revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a **Non-Cooperative State**). If such payments under the Notes are made in a Non-Cooperative State, a 75% withholding tax will be applicable by virtue of Article 125 A III of the French *Code général des impôts* (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty).

Furthermore, in application of Article 238 A of the French *Code général des impôts*, interest and other revenues on such Notes will not be deductible from the Issuer's taxable income if they are paid or accrued to persons established or domiciled in a Non-Cooperative State or paid in such a Non-Cooperative State (the **Deductibility Exclusion**). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* of the French *Code général des impôts*, at a rate of 30% or 75% (subject, if applicable, to the more favourable provisions of a tax treaty).

Notwithstanding the foregoing, the Law provides that neither the 75% withholding tax set out under Article 125 A III of the French *Code général des impôts* nor the Deductibility Exclusion will apply in respect of the Notes if the Issuer can prove that the principal purpose and effect of the issue of the Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211, n°550 and 990, BOI-RPPM-RCM-30-10-20-40-20140211, n°70, BOI-IR-DOMIC-10-20-20-60-20140211, n°10 and BOI-ANNX-000364-20120912, n°20, the Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of the Notes, if the Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an “equivalent offer” means any offer requiring the registration or submission of an offer document by or with a foreign security market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

The Notes, which will be admitted to listing and to trading on Euronext Paris, and cleared through Euroclear France, will fall under the Exception. Consequently, payments of interest and other revenues made by the Issuer under the Notes are not subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* and the Deductibility Exclusion does not apply to such payments.

Pursuant to Article 125 A of the French *Code général des impôts* subject to certain limited exceptions, interest and similar income received as from 1 January 2013 by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 24% withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5% on interest and similar income paid to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

EU Savings Directive

The Savings Directive has been implemented into French law under Article 242 *ter* of the French *Code général des impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

In addition, the Issuer will pay certain costs incurred by it and the Joint Lead Managers in connection with the issue of the Notes.

In addition, until forty (40) days after the commencement of the offering of the Notes, an offer or sale of Notes within the United States by a dealer that is not participating in the offering may violate the registration requirements of the Securities Act.
